Page

**Coast, G. M., Rayne, R. C., Hayes, T. K., Mallet, A. I., Thompson, K. S. J. and Bacon, J. P.** A comparison of the effects of two putative diuretic hormones from *Locusta migratoria* on isolated locust Malpighian tubules ..... 1

**Grigg, G. C., Wells, R. M. G. and Beard, L. A.** Allosteric control of oxygen binding by haemoglobin during embryonic development in the crocodile *Crocodylus porosus*: the role of red cell organic phosphates and carbon dioxide ..... 15

**Funase, K., Watanabe, K. and Onozuka, M.** Augmentation of bursting pacemaker activity by serotonin in an identified *Achatina fulica* neurone: an increase in sodium- and calcium-activated negative slope resistance *via* cyclic-AMP-dependent protein phosphorylation ..... 33

**Strotmann, J., Boekhoff, I., Göggerle, S. and Breer, H.** Generation of monoclonal antibodies detecting specific epitopes in locust antennae ..... 45

**Moore, L. E., Hill, R. H. and Grillner, S.** Voltage-clamp frequency domain analysis of NMDA-activated neurons ..... 59

**Moore, L. E. and Buchanan, J. T.** The effects of neurotransmitters on the integrative properties of spinal neurons in the lamprey ..... 89

**Kinkead, R., Aota, S., Perry, S. F. and Randall, D. J.** Propranolol impairs the hyperventilatory response to acute hypercapnia in rainbow trout ..... 115

**Fusé, M., Davey, K. G. and Sommerville, R. I.** Osmoregulation in the parasitic nematode *Pseudoterranova decipiens* ..... 127

**Fusé, M., Davey, K. G. and Sommerville, R. I.** Water compartments and osmoregulation in the parasitic nematode *Pseudoterranova decipiens* ..... 143

**Wright, P. A., Iwama, G. K. and Wood, C. M.** Ammonia and urea excretion in Lahontan cutthroat trout (*Oncorhynchus clarki henshawi*) adapted to highly alkaline Pyramid Lake (pH 9.4) ..... 153

**Wilkie, M. P., Wright, P. A., Iwama, G. K. and Wood, C. M.** The physiological responses of the Lahontan cutthroat trout (*Oncorhynchus clarki henshawi*), a resident of highly alkaline Pyramid Lake (pH 9.4), to challenge at pH 10 ..... 173

**Huber, M. and Guderley, H.** The effect of thermal acclimation and exercise upon the binding of glycolytic enzymes in muscle of the goldfish *Carassius auratus* ..... 195

**Wells, M. J. and Wells, J.** Fluid uptake and the maintenance of blood volume in *Octopus* .. 211

**Pärt, P., Norrgren, L., Bergström, E. and Sjöberg, P.** Primary cultures of epithelial cells from rainbow trout gills ..... 219

**Patak, A. and Baldwin, J.** Structural and metabolic characterization of the muscles used to power running in the emu (*Dromaius novaehollandiae*), a giant flightless bird ..... 233

**Mogami, Y., Sekiguchi, S. and Baba, S. A.** Beating of cilia of sea urchin embryos: a critical comparison of the normal and reversed beating of cilia of isolated cells ..... 251

**Günzel, D., Galler, S. and Rathmayer, W.** Fibre heterogeneity in the closer and opener muscles of crayfish walking legs ..... 267

**Avery, L.** Motor neuron M3 controls pharyngeal muscle relaxation timing in *Caenorhabditis elegans* ..... 283

## SHORT COMMUNICATIONS

**Zill, S. N., Frazier, S. F., MacFarland, D. L. and Fish, S. E.** Characterization of insect sense organs and optical clearing of whole-mount preparation using dil in fixed tissues .. 299

**Le Corronc, H. and Hue, B.** Electrophysiological evidence for the modulation of acetylcholine release by endogenous acetylcholine in the cockroach central nervous system ..... 305

## *Contents*

Page

**Bowie, M. A., Layes, J. D. and DeMont, M. E.** Damping in the hinge of the scallop *Placopecten magellanicus* ..... 311

**Funk, G. D., Sholomenko, G. N., Valenzuela, I. J., Steeves, J. D. and Milsom, W. K.** Coordination of wing beat and respiration in Canada geese during free flight ..... 317

**Lucas, M. C., Johnstone, A. D. F. and Tang, J.** An annular respirometer for measuring aerobic metabolic rates of large, schooling fishes ..... 325

**INFORMATION ABOUT THE JOURNAL**
